April 6, 2020

Dear parents and guardians,

Today, Governor Cuomo has issued another executive order directing the state's school buildings to remain closed for an additional two weeks through April 28 with an anticipated return to school on April 29. Schools will continue to provide and support students with remote instruction during this extended closure.

Instructional materials for students for this next two week interval, may be picked up at your child's school building on April 15th from 7:00 a.m. to 5:00 p.m. Please return the school work that was distributed for the initial closure at the same time as pick up.

Daily meals will also continue to be available to all children 18 years of age and under through April 28.

We encourage all students to continue their learning while school buildings are closed, and for all families to stay home whenever possible. Providing continuity of learning and distribution of meals for our students remains a priority and should continue uninterrupted. Students should regularly check their student email accounts for any instructions or assignments from their teachers. Parents may contact their child's teacher for specific email log-in information as needed. ***It is imperative that students take their school work, albeit remotely, as serious as if school was still under normal operations.***

The school grounds are closed for use until further notice out of respect for social distancing protocols. The track may be used for walking/running so long as social distancing practices are followed. Your obedience to this directive from the County Executive is expected and appreciated.

We will continue to provide important information to you as it becomes available. Since this situation continues to evolve, we encourage you to regularly check our website www.svcasd.org for the latest updates.

We hope you and your families are staying safe and healthy during this uncertain time.

Sincerely,

Ronald Wheelock
Superintendent of Schools

Our mission is to ensure that each student will become a life-long learner and a responsible citizen in an ever-changing world.
