

March 27, 2020

Dear Parents and guardians,

Today, Gov. Cuomo extended the closure of all schools through April 14 with a reopen date of April 15. During the current school closure, students have received supplemental learning materials from their teachers to facilitate a continuation of instruction.

Spring Recess will proceed as scheduled from Friday, April 3 through Monday April 13. During this time, students will not be provided with any new supplemental learning materials. Additional information regarding the reopening of schools or changes to current plans will be provided as that information becomes available.

During Spring Recess, our Food Service program will continue to provide meals each week day with the exception of April 10 and 13.

We encourage all students to continue their learning while schools are closed, and for all families to stay safe and stay home whenever possible.

Sincerely,

Ron Wheelock
