**Bus Routes**

**2019-2020**

*Bus routes have many changes, please read each route carefully.*

Greetings,

The following are our “in-district” bus routes for this year. These brief descriptions are intended to be a guide, allowing parents to see which route their child will be riding and who their driver may be. We encourage you to contact us if you are in need of further information.

Here are a few things to keep in mind throughout the school year:

- Route Numbers are posted on the front, boarding side of the bus. It is important to refer to your child’s Route Number, as the bus number may change from time to time.

- Students should be ready at their bus stop five minutes before their bus arrives.

- Parents are responsible for their child’s behavior at the bus stop. Remind your children to be attentive, orderly and to stand at least 15 feet from the bus, until the doors open.

- Routes may periodically require alterations throughout the year. We will contact you if changes affect your child’s stop.

I look forward to a safe and successful year. Please contact us if you have any questions.

Sincerely,

Craig Manderville
Director of Transportation
cmanderville@svcsd.org
